

Notice of design changes to product / packaging label to change of applicable regulation (removal of EAC marking)

■ Target Products

OMRON products with EAC marking.

■ Effective Date

The removal of EAC mark will be processed by our factories in steps, starting from our production in December 2023.

Please confirm actual status on the webpage below.

<https://www.ia.omron.com/support/models/eac/index.html>

Products families for which the change was processed in our production will be removed from this page.

This information will be updated on quarterly basis.

■ Reason for change

In line with our policies and the subsequent closing of our sales operations in Russia, Omron will currently not extend EAC declarations and certifications.

■ Changes

The EAC mark will be removed on the product body/label, packaging label, and/or packaging.

Due to the deletion of the EAC mark, other display positions and sizes may be changed.

The change applies to marking only. There is no change on the product characteristics itself.
